

All-Time Boys Cross Country Team Rankings

These teams have seen the most success historically, as defined by qualification for and achievement at the Oregon State Championships. It accounts for all State Championships from 2024 to 1960 (the first verified year of a State-qualification standard through District performance).

This is a historic list, not limiting schools by their current classification placement but rather considering every classification they had once competed in.

Methodology: teams earn points for qualifying for state (10 points), for each team they beat at State (2 points), and for any top-four finishes at State (1st-50 points, 2nd-30 points, 3rd-20 points, 4th-10 points; due to the occasional small number of complete teams in the smallest division, points are not awarded for a 4th place team finish unless the field of competition numbered at least eight teams.)
