

All-Time Girls Cross Country Team Rankings

These teams have seen the most success historically, as defined by qualification for and achievement at the Oregon State Championships. It accounts for the first State Meet in 1974 to 2024; prior to 1974 there were a few years of an "Oregon Invitational" for girls, but those results are not incorporated into these rankings since it was an open meet with no necessary District-level qualification standard.

This is a historic list, not limiting schools by their current classification placement but rather considering every classification they have ever competed in.

Methodology: teams earn points for qualifying for state (10 points), for each team they beat at State (2 points), and for any top-four finishes at State (1st-50 points, 2nd-30 points, 3rd-20 points, 4th-10 points; due to the occasional small number of complete teams in the smallest classification prior to 1990, points are not awarded for a 4th place team finish unless the field of competition numbered at least eight teams.)
